Does not include not stated responses

24% of the Whitehorse's population is aged between 0 and 17 years. This is generally a larger percentage than for the communities represented on the graph. For example, 9% of people born in China and 7% of people born in Vietnam are in this age group. 35% of the LG A's population is aged between 25 and 49 years. A similar age distribution is not found in some of the communities represented on the graph. For example, 54% of people born in Malaysia and 51% of people born in India are in this age group.
